

Session Three

Canadian Skin Patient Alliance

Christine Jackson

9:50 am - 10:05 am
Saturday, April 12

The Canadian Skin Patient Alliance is a relatively new patient organization dedicated to providing support, education and advocacy for skin patients in Canada. A brief presentation by the new Executive Director, Christine Jackson, herself a skin patient from Ottawa, will provide a very quick overview of the CSPA's current direction and goals, and ways in which Canadian Dermatologists can partner with the CSPA to improve the dermatology landscape. Ms Jackson will be joined in her presentation by several members of the CSPA Board, Allan Stordy from Alberta, Charles Jago from BC and Ken Downton from Newfoundland.
